READINGS

March 31

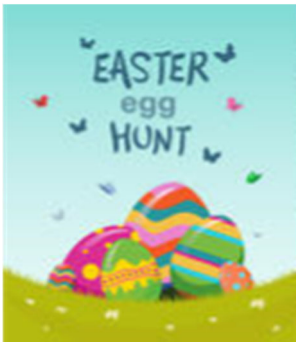

Joshua 5:9-12

2 Corinthians 5:16-21

Luke 15:1-3, 11b-32

Exploring Solutions to Climate Change

On April 7 from 3 to 4:30 pm in Agape Hall at Good Shepherd Catholic Church, Sharon Yohn, Asst. Professor of Chemistry at Juniata College and member of Citizens' Climate Lobby will explain the carbon tax and dividend legislative approach to reducing national greenhouse gas emissions. In addition, learn of the many state and local initiatives that aim to reduce our impact on God's creation. Join the discussion.

Get your baskets ready and join us for an Easter Egg Hunt! This year's egg hunt will take place on **Palm Sunday, April 14**, during Sunday School. All children are welcome. Bring your own basket.

Candy donations are requested - All are welcome to donate candy for the egg hunt. Please bring candy to the Sunday School office by Sunday, April 7.

LENTEN YARD SALE CHALLENGE:

We would like to offer a Lenten challenge. Look around your house and think of items you don't use anymore or clothes that you don't want. Once Lent starts set aside the equivalent of one shopping bag daily. The goal is 40 bags for 40 days. Lent begins **March 6** are you up to the challenge?

TLC GARDEN WORK

Calling for TLC garden helpers! Along with the usual weeding around the church (which is always more fun with other people!), the goal is to keep removing invasive plants and replacing them with native ones that provide better shelter and food for insects and birds. We will meet twice a month in the evening starting May.

Please contact Danielle Lanagan (dlanagan720@gmail.com) if you are interested. We will set up dates based on people's availability.

Fundraising

Join us for dinner and support
Melissa's Stampede at the 2019 Citrus Tour
& their quest to raise money for
The Multiple Sclerosis Society

Thursday, April 11th, 2019

Next Meeting on Musser Gap Conservation Planning Thursday, March 28

From Dorothy Blair, Nittany Valley Environmental Coalition President:

The next meeting on the Penn State/ClearWater Conservancy Musser Gap conservation project will be Thursday, March 28 at 6 p.m. at the Unitarian Universalist Fellowship of Centre County (780 Waupelani Dr. Ext.)

This is the second in a series of meetings with PSU and ClearWater to zero in on what should happen to the 365 acres of Penn State-owned farm and forest lands off of Whitehall Road, at the southeast border of the parcels Penn State sold to Toll Brothers for student housing development, and near the 100-acre soccer/tournament park site being developed by the Centre Region Parks and Recreation Authority.

The first meeting was held February 7. More than 100 local residents attended, and heard presentations by Penn State President Eric Barron, and by Penn State students who have been studying the land's geology, history and other significant features. Community members then visited stations set up around the fellowship hall to discuss specific project issues such as agriculture, forestry and recreation.

At the March 28 meeting, Penn State students will give an update on community feedback collected through the Musser2Valley Survey (>1000 responses), and other inputs that are shaping Penn State's vision for this land.

Slab Cabin Run flows through this land which mostly sits above the drinking water wellheads for most of our area.

What happens to Musser2Valley will also influence neighboring farmers who are debating conservation easements vs. selling for profit/development.
